

## Mum's Birthday

My mum's birthday is on the fifteenth of January. I will give my mum a new watch.

I will make a birthday party and birthday cake for my mum. I will buy food and drinks in a supermarket near my home. I will go there with my dad and my elder sister.

I will buy a packet of cola, a bunch of grapes and a loaf of bread. I feel happy if my family feels happy. In my family, I like mum most.
