

## My Favourite Teacher

My favorite teacher is Miss Cheung. She is my English teacher and class teacher. She has long black hair, small eyes and glasses. She is pretty.

Miss Cheung is very funny; she always makes us laugh with her funny jokes. She usually plays some English learning games with my class. They are very fun. I like Miss Cheung because she is kind and has a soothing voice. She is my favorite teacher because she believes that in all students there are amazing things hidden inside them. I think she is very wise. I also like her because one time I was not doing so well with English grammar, but she offered to tutor me. After the exam, I scored ninety-eight marks! She is an amazing tutor!

I learned so much English and many idioms from her. I think she is a great teacher, which is why I am very sad that the school year is ending. I hope to have her as my teacher again!
